U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on APRIL 16, 1978
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
APRIL 17 - 23, 1978
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on releases of April 27, 1978 (based on reports from exporters for the week ending April 16, 1978 unless otherwise noted).

Wheat: New sales activity for the current marketing year (MY) continues very slow, with the Peoples' Republic of China and Chile registering the only significant purchases. The PRC and Chile also recorded the only notable purchases for MY 1978/79. The usual year end contract adjustments resulted in minor changes in sales to numerous countries. USSR purchases of 87,800 metric tons (MT) for MY 1977/78 and 34,150 MT for MY 1978/79 were reported under the daily system. Somewhat improved logistical conditions contributed to the second highest weekly export total (779,800 MT) this MY.

Corn: Sales activity (594,500 MT) dropped off sharply after four straight weeks in excess of 1 million tons. Major buyers included many East and West European countries, USSR and Japan. Destination switches and contract adjustments materially changed total commitments to several countries. European countries were the principal recipients of grain switched from West Germany, Czechoslovakia and unknown. USSR and Japan registered notable purchases for MY 1978/79. There was also a small increase in sales to unknown destinations. Exports (1,010,700 MT) continued strong for the fourth consecutive week.

Sorghum: The market was moderately active. Japan added to MY 1977/78 purchases and registered their first MY 1978/79 purchase. Israel also added to earlier purchases. However, sales of 100,000 MT to Mexico were the highlight for the week. The U.S. was designated as the supplier on optional origin sales to Venezuela. Exports were slack.

Rice: Export interest was light as modest purchases of rough rice by Italy for both MY 1977/78 and 1978/79 was the major feature.

Soybeans: Weekly sales (275,600 MT) were modest with Europe and Japan accounting for the bulk of the business. Sales for the MY 1978/79 increased by 260,100 MT, principally to Western Europe. Sales of 400,000 MT to the USSR were reported under the daily system. The export pace slipped to 320,700 MT, but exports to the EC (178,600 MT) and Japan (68,300 MT) continued strong.

Soybean Cake and Meal: Sales continued strong. The EC (136,300 MT) was the major buyer. Total sales rose by 188,000 MT, continuing the upward trend of recent weeks. Sales for the next MY increased by 135,000 MT due to purchases by unknown destinations (95,300 MT), Canada and the EC. The EC represented over 61 percent of weekly exports (97,200 MT).

Soybean Oil: Sales to unknown destinations (11,200 MT) and India (3,100 MT) accounted for most of the 14,400 MT in new sales. Exports (2,100 MT) were slow.

Cotton: Sales activity remains moderate with attention directed to MY 1978/79. Sales of only 22,000 RB for MY 1977/78 were principally to PRC (9,800 RB), Korea (8,700 RB) and Spain (4,000 RB). MY 1978/79 sales of 101,300 RB were dominated by Korea (75,400 RB) with much smaller amounts to Japan and Hong Kong. Exports remain good with 85 percent going to Asia.

Barley and Oats: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS BY REPORTING CATEGORY

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
